

INTRODUCE A FRIEND SCHEME – TERMS AND CONDITIONS

1. In order to be eligible for the reward, the person who is introducing a friend must be a current student at First Intuition who has booked and paid for at least one course for the current sitting.
2. You may introduce a friend who works for the same company and be eligible for the reward as long as there is no existing agreement between First Intuition and the company you work for.
3. Both students will receive £25 for each course booked, up to a maximum of £100. The reward for each person is calculated by reference to the lower value booking, for example:
 - John books 2 courses and introduces Angela who books 1 course - both receive £25
 - Seena books 2 courses and introduces Ranjit who books 4 courses - both receive £50
4. The new student can only be introduced by one person (two or more people cannot claim to have introduced the same person).
5. The new student must not have previously studied with us.
6. Introduce a friend payments will not be paid until courses have been paid for and attended by both the person recommending and the new student.
