

how do I choose the best college for me?

There are lots of providers out there but not all offer the same benefits. Here are some of the questions you should ask.

How big will my class be?	Our classes are deliberately kept small so that you receive individual attention, don't feel intimidated to ask or answer questions, and you develop a real relationship with your tutor.
Will my tutor mark my practice exams?	Yes, your tutor will mark your exams so that you can receive personal, quality feedback and additional support if necessary.
Will my tutor be available if I have any questions?	Our tutors are genuinely available 24/7. They will give you their work, mobile and home phone numbers so you can always reach them.
Will I have the same tutor throughout the course?	Yes, we are a small team so you will have consistency, not only for each course, but usually between tuition and revision phases as well, so you will not be confused by different approaches.
In the past my course has been cancelled at short notice – can you guarantee that my course will run?	Yes – we guarantee never to cancel a course so that you have peace of mind and can plan your studies effectively.
How much will your prices go up by in the future?	Our Price for Life scheme means that if you book a course with us this year, we will freeze all current brochure prices for you until you qualify.
How does your Pass Assurance scheme differ from other colleges?	If you attend a tuition and revision course and are unsuccessful, you can attend future courses for that exam as many times as necessary until you pass, not just once!
How can I be sure it's the right decision to come to you?	You can't be 100% sure. However, 100% of students who attended courses with us in our first season have said they would recommend us, and they have all told us they prefer us to their previous college. You are very welcome to visit and read the feedback forms our students have completed.
