

MYTH BUSTERS

Did you know that:

- You do not need a Maths A-level or degree to be an accountant
 - Apprentices are given the same, if not more, opportunities as graduates
 - There are a variety of interesting jobs available
 - It is a quicker route than university
-

“I thought I wouldn't be doing any real work due to be being an apprentice, but I was learning every aspect of the job role from day 1.”
