

Until the end of this year our courses will be staying Virtual. The entire First Intuition team can't wait to welcome our students back into our centres when it is safe to do so.

FI Virtual Classroom Tuition

These courses are designed to replicate our weekday in-centre classes using our Virtual Classroom. As they offer the most comprehensive level of student and employer support the Virtual Classroom Tuition courses meet the requirements of our apprenticeship programmes but are also available for commercial booking. Each course is run by a designated subject tutor, who remains available to contact throughout the course. By joining a consistent group of students each day the course retains the local feel of our local classrooms. Students can engage in real time with their tutor and the rest of the class as the syllabus is covered over each scheduled session. Course folders are delivered to students at home and we also include access to our on-demand online content to facilitate effective studying when away from the Virtual Classroom sessions.

FI Virtual Classroom Revision

These courses are focused on exam technique in the key syllabus areas to maximise the chance of success in the real thing. They are included in our apprenticeship programme, but are also available to be booked by any student wanting the highest level of support to prepare for their exam. Students join the Virtual classroom and over the two days undertake structured question practice guided by the subject tutor who will ensure students understand how to tackle requirements effectively. An additional bank of question is provided specifically for this course which is a perfect complement to our Virtual tuition courses.

The tuition has been brilliant and the revision questions were really useful - your quick responses to questions was really appreciated and helped me feel more confident for the exam!
Sara, CIMA P3 Virtual student May 2020.

	FI Classroom Courses	FI Virtual Classroom	
Experienced FI Tutor leading learning throughout the day	✓	✓	Regular interactions with students, regular screen breaks, questions and homework submitted to the tutor for personalised feedback.
Physical and digital learning activities and materials	✓	✓	All the normal learning materials provided to students on day 1 will be delivered to your preferred address.
Tutor feedback on submitted work throughout course	✓	✓	Preparing and submitting practice questions electronically does not differ between physical and Virtual Classroom learning.
Marked course and mock exams	✓	✓	Students will have the same opportunity, support, deadlines and feedback as on classroom courses.
Continue to study with your local cohort – maintaining existing study networks	✓	✓	Engage with colleagues from across your local region. This supports peer learning via open chat pods, shared polls and regular Q&A.
Pass guarantee	✓	✓	Just like on our classroom courses, students will benefit from ongoing support to get back on track if they fail or the exams are disrupted.

FI Online

This is our on-demand distance learning product. Course folders are delivered to students at home, along with a link to access our pre-recorded video lectures. You are allocated a central tutor contact to support you throughout your course and answer questions that you have.
