

ACCA: Planning your qualification

Planning is a very important part of your studies as it lays the foundations for your exam success. This is why we offer flexible study modes and believe that the best way to get the most from your studies is to build a unique plan that works for you.

Use the steps below to plan your qualification:

01 Choose your exam sitting. Knowledge Level papers and Corporate and Business Law are assessed by Computer Based Exams and can be sat anytime. The Applied Skills and Strategic Professional levels can be sat at one of four sittings a year; March, June, September and December.

02 Choose your study mode. Stick to one mode or mix and match to create that fits around your schedule.

Classroom: attend a tutor led classroom course with like-minded peers. We offer a range of weekday, evening and weekend courses in our central London location

FI Online: a structured online course using online lectures, pre-recorded by our expert tutors using the course notes we will deliver to your door.

FI Online Live: join an expert tutor and your peers from your workplace, home or anywhere you have internet access.

03 Choose your courses: Choose and combine Tuition, Revision and a Question Based Day for a perfect mix of syllabus teaching with real life examples, mock exams with personalised feedback and question practice with debriefs. Everything you need for a pass.

04 Book: Either book online on our [website](#) or download and complete a [booking form](#) (email it to london@fi.co.uk). Or call our friendly team on 0207 323 9636 to book over the phone.

05 Top-up to an Msc Professional Accountancy. 10,000 accountants qualify in the UK every year, which is why we are offering ACCA students and affiliates an incredible opportunity to use their professional qualification as credit towards completing an MSc. By completing just two additional University of London modules, current and alumni ACCA students can gain a master's degree alongside your professional qualification; preparing you for senior roles and enhancing your employability – all in as little as a year! Lean more on page 10.

“The tutor, Chris, was excellent. He was caring, energetic and passionate about the subject, which made it so much more interesting to study”.
