Local Virtual Classroom courses:

In order to offer a wider range of courses to our students, we are introducing **Virtual Classroom courses** for papers that are not available in both islands.

Virtual Classroom students will attend the local classroom courses **via a livestream**, and will be able to watch the lecture live, and **interact with their tutor** and other students through their own webcam or via a chat box.

The students will receive the **same level of support** as classroom students, with their tutor marking all homework and mock exams, and being available for out-of-hours contact or one-to-one support.
