### CIMA Certificate Level FI Virtual Classroom

These courses are designed to replicate our in-centre classes using our Virtual Classroom. As they offer the most comprehensive level of student and employer support the Virtual Classroom Tuition courses meet the requirements of our apprenticeship programmes but are also available for commercial booking. Each course is run by a designated subject tutor, who remains available to contact throughout the course. By joining a consistent group of students each day the course retains the feel of our local classrooms. Students can engage in real time with their tutor and the rest of the class as the syllabus is covered over each scheduled session. Course folders are delivered to students at home and we also include access to our on-demand online content to facilitate effective studying when away from the Virtual Classroom sessions.

#### On-demand exams

Objective Tests for the CIMA Certificate Level and Professional Qualification are available on-demand, all year round.  
Professional Qualification Case Study exams are available four times a year.

Results for the on demand exams are displayed at the end of the exam and uploaded to your MyCIMA account within 48 hours.  
Case Study exams are human-marked. You will receive your results on your MY CIMA account 6-8 weeks after the close of the [Case Study window](#).

#### How do I book my CIMA exam?
