### Why choose the extended study path?

#### Fully Embedded Knowledge

It allows for the knowledge to be fully embedded before moving onto the professional level papers where it will be built upon further. The longer programme also provides students time to apply the knowledge in the workplace.

#### More Structured Time

This path is ideal for school leavers or non-relevant graduates who would require more time to fully cover all the worked lecture examples and benefit from structured question practice.

#### Better Suited than AAT

ICAEW CFAB better prepares students for the full ICAEW (level 7) qualification, there is a natural progression compared to doing AAT. There is also the added value of quicker exam result turnaround time compared to AAT.
